# Expand Your Food Retail Experience

Offering new retail convenience options and formats will be key as your people get back to your location, and beyond.

**BEYOND GROCERY:** Fresh food, food-to-go and evening meal solutions are reshaping convenience retailing.

**FRESH & HEALTHY FOCUS:** Shopping frequency is increasing, as is healthier eating, so convenience retail must offer reliable fresh and healthy solutions.

**IN STORE & DIGITAL EXPERIENCE:** beyond the locality, the guest experience remains key to drive use & satisfaction. Bringing the digital and physical experience closer together is crucial.

Sodexo has a portfolio of Convenience Services, from convenience stores and grocerants, to smart vending and micro markets, to address and leverage the rapid growth of convenience shopping.

# Accelerate Convenience Retailing

With Sodexo convenience formats, adapted to the new realities of the retail business, we can support new consumer needs and dining behaviors.

**The Grid Store**  
 The Grid community store improves the overall well-being of shoppers by offering items they need, when they need them. Careful product selection allows shoppers to get in, get what they want, and get back to their day.

**twelve/douze**  
 Our unattended lounge micro market provides an engaging retail environment, with offerings ranging from unique fresh foods and premium coffee to cold beverages and packaged snacks. twelve/douze uses contactless self-checkout technology to support social distancing and minimize interaction.
