

Create Spaces that Deliver More

Wherever you operate, your working spaces and accommodation should be safe and welcoming places where people can be productive, healthy and reach their full potential. As you work to optimize the working spaces and accommodations of your next normal, making the most efficient use of your resources is crucial to ensuring a smooth transition and long-term success.

Sodexo has proven experience optimizing performance and efficiency at enterprise-level scale all over the world. We will work alongside you provide you with informed insights, expert advice and innovative solutions to help you do more with what you have so you can help your people more of what they want.

Maximise User Experience

Minimize Spaces & Resources

Reengineer Service Delivery

To overcome the challenges and embrace the opportunities of our evolving world, operational optimization is a necessity while taking into account the new constraints impacting our environment.

Prepare your pathway for a successful future.

Choose a partner with global perspective and a local focus

Your Partner for the Next Normal

Through our collaborative, consultative approach to optimization, we will help you save time, money and frustration as you navigate ways to bring the best user experience for your employees while reducing the usage of resources in an evolving environment.

User Experience

- In-depth user experience assessments
- Employee & visitor analytics and insights
- Design strategy & consulting

Spaces & Resources

- Compliant design of physical distancing & health and wellness layouts
- Process refinement for evolving public health best practices and protocols
- Adjust resources needed to match demand and specific needs

Reengineer Service Delivery

- Operational Excellence approach to focus on value added
- Bringing Innovation and leveraging best practices
- End to end analysis of flows and processes
