

**OPTIMIZE** | SERVICES FOR THE NEXT NORMAL

# Create Spaces that Deliver More

Wherever you operate, your spaces should be safe and welcoming places where people can be productive, healthy and reach their full potential. As you work to optimize the spaces of your next normal, making the most efficient use of your resources is crucial to ensuring a smooth transition and long-term success.

Sodexo has proven experience optimizing performance and efficiency at enterprise-level scale all over the world. We come alongside you with informed insights, expert advice and innovative solutions to help you do more with what you have so you can help people achieve more of what they want.

**Maximise User Experience**

**Minimize Spaces & Resources**

**Reengineer Service Delivery**

*To overcome the challenges and embrace the opportunities of our evolving world, operational optimization is a necessity while taking into account the new constraints impacting our environment.*

Prepare your pathway for a successful future.

# Your Partner for the Next Normal

Through our collaborative, consultative approach to optimization, we will help you save time, money and frustration as you navigate ways to bring the best user experience for your employees while reducing the usage of resources in an evolving environment.

Choose a partner with global perspective and a local focus

### User Experience

- In-depth user experience assessments
- Employee & visitor analytics and insights
- Design strategy & consulting

### Spaces & Resources

- Compliant design of physical distancing & health and wellness layouts
- Process refinement for evolving public health best practices and protocols
- Adjust resources needed to match demand and specific needs

### Reengineer Service Delivery

- Operational Excellence approach to focus on value added
- Bringing Innovation and leveraging best practices
- End to end analysis of flows and processes
